The Black Body of Planck.

1. Universal nervous system.

A background noise permeates the network of the Eternal Feedback of Existence. An echo of the principle and, at the same time, a constituent part, as a path in the labyrinth of an extensive and universal nervous system.

2. Silent noise.

It is such a subtle noise that it can only be heard at the limit of absolute silence and total loneliness.

3. Trip outside of yourself.

Entering the black body is like dying, in the sense of disappearing. Stop the self to move to complexity.

4. Dual Door.

The nature of such complexity lies in a false duality. On its horizon and, during the moment of crossing the doors, it is dual. Inside, however, lies an egg of chaos whose center is nothing.

5. Suicidal Metamorphic Psyche.

A special tendency towards death or, rather, deaths is needed. Chained like a necklace whose meaning is not to have it.

6. Will you remind me if I reimburse myself in the cosmic microwave background?

Forgetting oneself, that which gives us so much fear, is precisely the engine of the beauty of the clouds passing, kindly, in front of the Moon

#476-TEFE045

El Cuerpo Negro de Planck.

1. Sistema nervioso universal.

Un ruido de fondo impregna la red de la Eterna Realimentación de la Existencia. Un eco del principio y, a la vez, una parte constituyente, como un camino en el laberinto de una extenso y universal sistema nervioso.

2. Ruido Silencioso.

Es un ruido tan sutil que sólo puede escucharse en el límite del silencio absoluto y la soledad total.

3. Viaje fuera de sí.

Entrar en el cuerpo negro es como morir, en el sentido de desaparecer. Detener el yo para pasar a la complejidad.

4. Puerta Dual.

La naturaleza de tal complejidad reside en una dualidad falsa. En su horizonte y, durante el momento de traspasar las puertas, es dual. Dentro, sin embargo, reside un huevo de caos cuyo centro es la nada.

5. Psyche Metamórfica Suicida.

Se necesita una especial tendencia hacia la muerte o, mejor dicho, las muertes. Encadenadas como un collar cuyo sentido es no tenerlo.

6. ¿Me recordarás si me reintegro en el fondo cósmico de microondas?

El olvido de uno mismo, aquello que tanto miedo nos da, es, precisamente, el motor de la belleza de las nubes pasando, amablemente, frente a la Luna.

El Cos Negre de Planck.

1. Sistema nerviós universal.

Un soroll de fons impregna la xarxa de l'Eterna Realimentació de l'Existència. Un ressò del principi i, alhora, una part constituent, com un camí en el laberint d'una extens i universal sistema nerviós.

2. Soroll silenci.

És un soroll tan subtil que només pot escoltar-se en el límit del silenci absolut i la solitud total.

3. Viatge fora de si.

Entrar al cos negre és com morir, en el sentit de desaparèixer. Aturar el jo per passar a la complexitat.

4. Porta Dual.

La naturalesa de tal complexitat resideix en una dualitat falsa. En el seu horitzó i, durant el moment de traspasar les portes, és dual. A dins, però, resideix un ou de caos el centre és el no-res.

5. Psyche Metamòrfica Suïcida.

Es necessita una especial tendència a la mort o, més ben dit, les morts. Encadenades com un collaret el sentit és no tenir-lo.

6. Em recordaràs si em reintegrament en el fons còsmic de microones?

L'oblit d'un mateix, allò que tanta por ens dona, és, precisament, el motor de la bellesa dels núvols passant, amablement, enfront de la Lluna.
